Keynote Session

**Thinktank & Town Hall
to Advance Research, Practice and Policy Through
Reciprocal Collaboration**

Anne P. DePrince, PhD Dean G. Kilpatrick, PhD Sheila A.M. Rauch, PhD, ABPP
Carolyn B. Allard, PhD, ABPP (Chair)**

This combined thinktank-town hall session will produce practical recommendations for decision makers to increase inclusive collaboration between expert clinicians, researchers and policy/social change advocates to help address issues significant to psychology and society at large. The discussion will be facilitated by a panel of experts who have successfully bridged at least two of the arenas of practice, research, and policy, who will share some of their successes and lessons learned from their cross-collaborations. Panelists will then offer suggestions of how these kinds of synergistic partnerships can be encouraged in our field, for example in publishing, awarding grants, and developing in practice guidelines.

After viewing the thinktank discussion at your convenience at **APA2020Virtual** you are invited to share testimonials of your own cross-collaborations and recommendations via our

live town hall
